Wilflex™ inks by Avient. Not all ink ranges are available in every country. All Wilflex inks are formulated to print on textiles. Please consult current product information bulletin for specific product information, precautions and suggested applications. The information presented in this color card is given in good faith, but pre-printing and testing for desired properties are strongly recommended.

Color Chips: The color chips presented on this Color Card are simulations of Wilflex colors. Slight variations may be seen between these chips and actual Wilflex inks. Printed results may vary based on production methods such as ink film thickness, opacity, and substrate.

## MORE COLORS

Need bold and vibrant colors designed to impress your customers? Access a premixed offering of the most popular colors gives printers and brands the competitive edge. Wilflex Epic Rio Ready-for-Use Standard Colors are brilliant, pure and true colors that will dazzle brands and consumers.

## PRODUCTIVE

Wilflex Epic Rio Ready-for-Use Standard Colors are built to save printers time and money. With high speed wet-on-wet printing and capable of curing at low to standard temperatures, Rio colors are built to improve productivity and reduce cost.

## SIMPLE

Save time on mixing with ready-for-use colors that are accurate and repeatable from one job to the next. Simple to use and easy to print!

## BETTER ACCURACY

Wilflex Epic Rio Ready-for-Use Standard Colors are highly pigmented to produce vibrant and full color even on finer mesh. The result? Less ink consumption, softer hand and excellent print detail.

## PRINTABILITY

Wilflex Epic Rio Ready-for-Use Standard Colors print easily over a wide range of meshes and excel on automatic and manual presses. From small runs to large, Rio standard colors deliver professional prints each time.

## CUSTOMIZE

Need a custom color? Our technical service team can help! Contact us to match and develop a specific Wilflex color.
