

## Union Ink™ Unimix Color Card

Union Ink™ UPLC Unimix is a flexible cure mixing system that offers highly opaque, intense colors for your unique screen printing projects. With 15 intermixable colors, UPLC Unimix produces accurate color matches for both small and large printing runs.

### FEATURES

- **Flexible cure temperatures** – Cure from 270°F–320°F (132°C–160°C)
- **Color consistency** – Avoid color variance when printing at different cure temperatures
- **Wet-on-wet printing capabilities** – Print wet-on-wet on light-colored fabrics or using a white under base
- **Easy printing** – Simplify your screen printing process with straight-forward mixing instructions and no bases or additives needed
- **IMS3.0 compatibility** – Manage UPLC Unimix colors with IMS3.0, a proprietary color formulation software from Avient Specialty Inks for color retrieval, inventory management, and custom color mixing

### GLOBAL COMPLIANCE

Union Ink™ is certified to **ZDHC Conformance Level 3 with ECO PASSPORT by OEKO-TEX**. To learn more about compliance standards, please contact your Avient Specialty Inks distributor.\*

\* Union Ink ECO PASSPORT certification number: Union 2.10 - 22.0.01715
